

OhioHealth Financial Assistance Policy for Medical Needs

The mission of OhioHealth is to improve the health of those we serve. We are pleased to offer The OhioHealth Financial Assistance Program (FAP), which provides free or discounted services to eligible patients for emergency or medically necessary services. Patients seeking financial assistance must apply for the program.

Eligibility

To be eligible for the program, patients must complete a Financial Assistance Application and meet specified income-based eligibility requirements or otherwise be able to show a significant financial hardship that precludes a patient from paying for care received. Generally, patients who are eligible have a family income at or below 400% of the federal poverty guidelines and do not have another source of payment of reimbursement for the cost of care. Based upon income level, discounts range from 65% - 100% off the patient responsibility for the care received. In no event will a patient determined to be eligible for assistance under the FAP be charged more than the amounts generally billed by the Hospital for care provided to insured patients. The FAP applies only to services billed by OhioHealth and physician services received by a patient at the Hospital from an OhioHealth-employed physician.
