What to Expect

Camp is a fun-filled day of activities and experiences for both the youth and their caregivers. Participants will learn various ways to navigate the challenges of grief while building confidence, supporting their fellow campers and most of all having fun!

Activities include creeking, fishing, field games, a challenge course, art activities, nature hikes and fun in the food science lab. Activities will vary by age.

Meanwhile caregivers will have the option to participate in various experiences with their camper as well as separate activities with other adults to honor their own grief journey. Activities include supportive group discussions, question and answer sessions with our youth grief counselors, art projects and a nature walk on the beautiful grounds of Camp Ken Jockety.

We hope you can join us for this action-packed day!

Child and adolescent grief programming is supported by the generosity of our community, including the OhioHealth Foundation, The Thomas and Ann DiMarco Family Foundation, The Marion Foundation, and the Patricia A. DiNunzio Ovarian Cancer Fund.
